Who Are PeacePals

PeacePal is a global community with local roots, connecting young people

throughout the world with a penpal

in another country. Penpals describe their lives to each other, expanding each other's world. Penpals also describe the ways in which they strive to create peace in their lives and the ways they envision spreading peace throughout the world. Through their dreams and aspirations, penpals become PeacePals.

"If we are to teach real peace in this world... we shall have to begin with the children."

--Mohandas Gandhi

Older kids and young adults also have the option to apply for our international service field trips.

We organize trips to developing

countries throughout the world, helping communities build sustainable infrastructure.

"If we have no peace, it is because we have forgotten that we belong to each other."

--Mother Teresa
